Pat:

DEC has had experience with a similar situation with emerging contaminants in groundwater – the sulfolane plume from the North Pole refinery.

Here are a few links that might be informative:

http://www.newsminer.com/news/local_news/north-pole-water-exceeds-sulfolane-limits-set-by-federal-government/article_afc51b50-f154-5324-93d7-8601cf098ca9.html/

<http://www.alaskapublic.org/2011/05/18/not-enough-data-available-to-draw-conclusions-on-sulfolane-toxicity/>

<http://fm.kuac.org/post/north-pole-residents-get-update-tainted-groundwater-stricter-cleanup-standard>

Hope this helps,

Eric
